OVERVIEW

WHERE IS COCOS ISLAND?

Cocos Island, located 299 nautical miles from Puntarenas Costa Rica, is one of the most beautiful jewels in the Costa Rican National Park system. Of the principal islands of the Eastern Tropical Pacific (Cocos, Clipperton, Malpelo and Galapagos), it is the only one that receives sufficient rainfall to support a tropical rain forest. Cocos Island's flora is related to Central America and Northern South America, plus a few species that were brought by visitors. The high number of endemic species makes Cocos an extremely interesting botanic garden for scientists and their research.

WHAT KIND OF DIVING IS FOUND AT COCOS ISLAND?

Surrounded by deep waters with counter-currents, Cocos Island is admired by scuba divers for its populations of Hammerhead sharks, rays, dolphins and other large marine species. The extremely wet climate and oceanic character give Cocos an ecological character that is not shared with either the Galapagos Archipelago or any of the other islands (e.g., Malpelo or Coiba) in this region of the world.

The primary attractions in Cocos are the large pelagics, i.e. hammerhead sharks, rays, mantas, turtles, and enormous

schools of tuna, jack and many others. Occasionally, there are sightings of whale sharks, fish, marlin, and bottle-nosed dolphin. The bottom of the ocean floor at Cocos Island is volcanic rock. Most of the action is between 50-100 feet with visibility in the 80-100 foot range. You can make up to 4 dives a day: 3 scheduled panga dives and an optional night dive, off the panga as well. Night diving is offered most nights and is at the discretion of the divemaster.

Beginner divers may consider Cocos Island diving slightly difficult due to its ruggedness and currents. Diving is from dinghies (pangas). This trip is NOT recommended to new divers or handicapped divers.

IN WHAT TIME ZONE IS COCOS ISLAND LOCATED?

The time zone is GMT-6 hours with no daylight savings time.

WHAT LANGUAGES ARE SPOKEN ONBOARD?

The official language of Costa Rica is Spanish. Onboard the Wind Dancer, our crew will converse in English with guests.

WHAT CURRENCY IS USED?

The Costa Rican Colones (CRC) is the local currency. Banks will exchange most currency into the CRC. However, Euros can be difficult to exchange Costa Rica. We advise our Euro based guest to use their credit cards or to bring US Dollars from Europe. It is advisable to exchange currency at banks, as the most favorable exchange rates may not be obtained elsewhere. Most banks are open Monday to Friday. It is recommended that you exchange enough for small pocket change. Major credit cards are accepted by most restaurants, hotels, car rental companies, and shops. Travelers checks are accepted everywhere.

WHAT WEATHER CONDITIONS CAN I EXPECT IN COCOS ISLAND?

May through October is generally considered prime diving, with conditions generally very good all year round. The rainy season is from May through November, but don't let that fool you. Cocos Island supports a true tropical rain forest and receives an abundance of rain, particularly around the mountain peaks. Overcast skies and frequent showers are common. During the winter, water temperature ranges between 73 and 78F, while in the summer it warms up to 78 - 80F. A wetsuit is highly recommended. A 3mm inch suit with hood and booties is generally sufficient for most divers except during the rainy season we recommend a 5mm wetsuit with hood as thermoclines are prevalent. Gloves are recommended year round for holding onto rocks if necessary.

A BRIEF HISTORY OF COCOS ISLAND

Cocos Island (Spanish: Isla del Coco) is an island located off the shore of Costa Rica. It constitutes the 11th district (one of 13) of Puntarenas Canton of the province of Puntarenas. It is one of the National Parks of Costa Rica and is located at 05°31'08"N 087°04'18"W. With an area of approximately 23.85 km² (9.2 mi²), about 8x3 km (5x1.9 mi) and a perimeter of around 23.3 km this island is more or less rectangular in shape.

Cocos Island was declared a Costa Rican National Park by means of Executive Decree in 1978. Cocos Island National Park was subsequently designated a World Heritage Site by UNESCO in 1997. In 2002, the World Heritage Site designation was extended to include an expanded marine zone of 1,997 km². In addition, it is included in the list of "Wetlands of International Importance".

Cocos Island was short-listed as a candidate to be one of the "New 7 Wonders of Nature" by the New Seven Wonders of the World Foundation. As of June 2009 it is ranking second in the islands category.

The only persons allowed to live on Cocos Island are Costa Rican Park Rangers, who have established two encampments, including one at Chatham Bay. Tourists and ship crew members are allowed ashore only with permission of island rangers, and are not permitted to camp, stay overnight or collect any flora, fauna or minerals from the island.

This island is popular in pirate lore as well. It is said that over 300 expeditions have gone in search of treasure such as the hoard of Benito Bonito, the Treasure of Lima, and many others. Some incidents of small caches have been discovered, leading many to believe the stories of vast pirate treasures to be valid.

TRAVEL INFORMATION

HOW DO I GET TO COSTA RICA?

Most guests arrive by air. San Jose's International Airport (SJO) is newly built and open daily.

If you need assistance with your flight arrangements, be sure to contact Dive Easy Travel, Peter Hughes Diving's travel specialist; at 1-800-9DANCER or 305-669-9391 for the most competitive airfares.

WHEN SHOULD I ARRIVE IN COSTA RICA?

Guests travel arrangements **MUST** include a one-night stay-over, in San Jose, Costa Rica one day prior to the yacht's embarkation in order to participate in the included group transfer from San Jose to Puntarenas.

WHAT TRAVEL DOCUMENTS WILL I NEED?

YOU WILL BE REQUIRED TO POSSESS A VALID PASSPORT TO ENTER THE DIVE AREA THAT THE WIND DANCER WILL TRAVEL TO DURING THE CHARTER.

IMPORTANT NOTE:

Passport numbers must be submitted for approval prior to travel to Cocos Island at least **14 days prior to sailing**. Failure to do so will result in cancellation of your reservation.

A valid passport, return or onward ticket, and sufficient funds are required for all visitors in Costa Rica. Your passport must be valid for at least 6 months after the date of entry to Costa Rica.

Please notify the Reservations Center 90 days prior to traveling with the name of your hotel or alternate arrangements and your passport numbers.

WHAT SHOULD I KNOW ABOUT CUSTOMS AND IMMIGRATION?

At the airport, customs formalities are usually quick and trouble free in Costa Rica. Tourists are allowed articles for use during their stay. These include items of personal adornment, wearing apparel, toilet requisites and any portable articles that someone can reasonably be expected to use during their stay.

Items that might be left in Costa Rica, gifts or packages for others (whether or not commercial) should be declared. Please, avoid inconveniences and delays by following the regulations and/or getting the advice of a Customs Officer on duty.

HOW DO I GET FROM THE AIRPORT TO MY HOTEL?

Upon your arrival at the airport in San Jose, you are responsible for your transfer to your hotel. Taxi fare from the airport to the Escazú area where our 2 recommended hotels are located is about \$20. Peter Hughes Diving recommends you stay at either of these hotels; *The Alta Hotel* or *The Indigo Hotel*. These are the only two hotels the Wind Dancer bus picks up from.

All of these hotels are located outside the city of San Jose, where traffic is very heavy, so please if you are staying in the center of the city, make sure you leave at least 45 minutes before the scheduled pick up time at any of these hotels.

Please call ; at 1-800-9DANCER or 305-669-9391 for easy one stop shopping for both your air and hotels at Dive Easy Travel, Peter Hughes Diving's travel specialist.

HOW DO WE GET FROM OUR HOTEL TO THE WIND DANCER?

On the scheduled embarkation day, a bus will pick passengers up at the Alta Hotel then the Indigo Hotel. This is a group transfer for all Wind Dancer guests. From San Jose, the bus will travel approximately 2 1/2 hours to meet the Wind Dancer in Puntarenas. If you are not staying at one of these hotels, you will need to make your own way to one of these hotels prior to the pick up times.

The exact pickup time varies for each charter and is based on the tide tables for the embarkation day. Please look at the back of this guide for a timetable for your specific departure.

This scenic route from San Jose to Puntarenas is a beautiful way to see the lush countryside. Upon your arrival at the Wind Dancer you will be greeted by the crew. Please be advised that the Wind Dancer may be moored offshore due to low tides. Should this occur, you will be transferred to the

Wind Dancer by boat and your luggage will be handled for you.

If you plan to make your own way to Puntarenas, where the Wind Dancer docks, it is imperative that our Reservations Center be notified of your plans. If you make your own arrangements or miss the pickup, the Wind Dancer docks at the MUELLE Coopeinpesa in Puntarenas. Directions in Spanish are as follows: MUELLE Coopeinpesa, Del estadio Lito Perez, 100 Oeste, 200 Norte

WHAT DO WE DO ON THE DAY WE DISEMBARK?

Disembarkation time is between 7:00 and 7:30 a.m. in the morning of departure. The crew will transport you to the hotel or the airport in San Jose. Guests will arrive in San Jose late morning; therefore, departing flights should be scheduled after 12:30 p.m. Due to traffic, tides, etc., you will not be able to make an early morning departing flight.

For guests departing later in the day you may even have time to enjoy one of our shore excursions in the morning as well. If your flight is scheduled for late afternoon, there is several canopy and sightseeing tours that we can recommend.

HOW DO I ARRANGE FOR PRE AND POST CHARTER HOTELS AND TRANSFERS?

Dive Easy Travel™, Peter Hughes in-house travel agency has already done the legwork for you and created several packages that will fit most of your needs. Custom packages are also available. Please inquire with us if your schedule will permit.

DO I NEED TRIP INSURANCE?

We strongly recommend that each guest purchase comprehensive accident, medical, baggage and trip cancellation and interruption insurance when space is reserved. Trip insurance will protect you from financial disappointment if you are prevented from making your scheduled trip due to illness or family illness, or in the event that unforeseen circumstances prevent the airline or yacht from making its scheduled trip. In an event where it is necessary to cancel or interrupt a charter due to weather or any matter beyond the control of Peter Hughes Diving, there will be no refund or credit issued. We also recommend diving accident insurance. Please inquire with our reservation office for assistance.

ON-BOARD

IF I AM TRAVELING AS A SINGLE, WILL I HAVE A ROOMMATE?

All rates are quoted on a share basis; therefore, unless you require a guaranteed single room and pay an additional supplement, it is very likely that you will be sharing your stateroom with one other guest of the same gender.

WHAT TYPE OF FOOD IS PREPARED?

Meals prepared by our onboard chef consist of an international mix with a local flair. If you have any special dietary requirements, please advise our US office as soon as possible so we can adequately prepare to meet your needs. Certain special dietary and beverage requests may not be available on a consistent basis in Costa Rica due to the remote nature of this location.

WHAT KINDS OF BEVERAGES ARE AVAILABLE?

The Wind Dancer's selection includes fruit juices, soft drinks, plenty of iced water, tea and coffee and a limited selection of local beer and wine. Fresh milk may not be available, although UHT long life milk is provided onboard. Herbal teas are not always available. We recommend that you purchase any special brands of alcoholic beverages that you may want to consume onboard Wind Dancer at the Duty Free Shop at any airport. We encourage you to consume lots of non-alcoholic liquids during the week to avoid dehydration. **REMEMBER: ALCOHOL AND DIVING DO NOT MIX.** For your safety, we recommend that the consumption of any alcoholic beverage be delayed until your dive day is complete.

WHAT ELECTRICAL CURRENT IS AVAILABLE?

The electrical current on the Wind Dancer is 110 volts including cabin outlets (American standards). There is a charging station in the salon that offers access to 110 V power. We also carry a few power converters for 220/240 volt electrical items.

The standard for the country of Costa Rica is 110 Volts, 60Hz and American style outlets.

HOW MUCH SHALL I PACK?

Please plan to travel light, as on all live-aboard dive yachts, space is limited. We recommend that you pack your gear in soft luggage such as duffel bags for easy stowage and to add to your comfort in your cabin, leave those large, rigid suitcases at home. Clothing should be lightweight, comfortable sportswear and bathing suits are a must. A light sweater or jacket is ideal for the evenings. Dress aboard Wind Dancer is always casual, however, it should be noted

that in Costa Rica, certain customs of dress should be respected. Never wear swimsuits or mini-shorts in town, and topless or nude sun bathing is not permitted. Light clothing that reflects the sun is best, and a hat is recommended. Evening dress is informal. Additional items you may want to bring are sunscreen, sunglasses, walking shoes and a hat or visor for your time on shore. Hairdryers are provided in each cabin on Wind Dancer. We recommend you pack your regulator, dive computer, mask, bathing suit and change of clothes and essential items in your carry-on bag. This will make it easier in the event your luggage is delayed. Please check with your airline as to what weight restrictions will apply to your carry-on and checked luggage.

WILL THERE BE ANY OPPORTUNITIES TO GO ASHORE DURING THE CRUISE?

During the Wind Dancer itinerary at Cocos Island, guests will have the opportunity to go ashore with a guide if they desire (weather dependent).

WHAT IF I AM PRONE TO SEA SICKNESS?

Currents and winds may cause moderate movement of the yacht at times. If you have a tendency toward seasickness we strongly urge you to bring some over-the-counter motion sickness medication or consult your doctor about prescription brands, such as the trans-dermal patch or Scopace tablets. Chewable ginger tablets or capsules of powdered ginger have also proved to be effective.

IMPORTANT NOTE:

The 32-hour cruise to the island, and return cruise 28-32 hours, can be uncomfortable to some. We recommend taking precautions for motion sickness.

WHAT IF THERE IS AN EMERGENCY ONBOARD?

The Wind Dancer crew is trained in first aid and diving accident management. The yacht is equipped with a complete first aid kit and a high capacity oxygen system. The closest hyperbaric chamber is in Costa Rica, a 32-hour journey or more depending on sea conditions from Cocos Island (air evacuation is not possible). Since emergency transportation and treatment cost is the responsibility of each guest, we strongly recommend that you dive conservatively and obtain special insurance for divers from Divers Alert Network, Dive Assure or similarly ranked company.

HOW CAN MY FAMILY CONTACT ME IN THE EVENT OF AN EMERGENCY AT HOME?

Your family may contact you in the case of a medical emergency by calling our Miami office at 1-800-932-6237 or 305-669-9391 during business hours. The crew of the Wind Dancer, with their unique combination of talents, offers live-aboard excellence. While on board you may pick a buddy of your choice or dive with a crewmember. There is ample storage space for your diving equipment in your personal locker.

For divers who require special assistance we will happily provide it. Getting you in and out of the water from the panga is easy with a backward roll entry being the most convenient way to enter the water. To re-board the panga, guests may remove their gear in the water and hand it up to our staff and simply climb onboard by way of a ladder secured to the panga.

For your safety, it is mandatory for each diver to carry an emergency SMB (safety sausage), Dive Alert (personal air horn), and mini-strobe light on all dives. If you do not bring any one of these devices with you they are available for rent on board, however, quantities may be limited. If you do not possess these items, please notify our office prior to departure.

All diving onboard the Wind Dancer should be within the limits and standards of the training of your certifying agency. All dives on should be planned no-decompression dives. This is drift diving where divers will remain in a group together with other divers from their panga.

Solo diving or Rebreather diving is not permitted at Cocos Island while onboard a Wind Dancer charter.

CAN I EARN ADVANCED DIVING CERTIFICATIONS OR SPECIALTIES ONBOARD?

Several diving specialty courses are offered on the Wind Dancer, but it is necessary to give at least one month notice to Peter Hughes Diving in advance of your charter date to ensure that an instructor will have the time available and that all required paperwork is complete. **IMPORTANT:** If you intend to receive diving instruction onboard, you must complete a medical statement in advance and return it to Peter Hughes Diving prior to the departure date. A doctor's note will be required if you answer yes to any of the questions on the medical statement. A list of available courses and prices is located on our website.
